

2021 SUPPLEMENTARY ANNUAL REPORT

Mercer Super Trust

MT346 Uniting Church in Australia Beneficiary Fund

Issued December 2021.

Your Mercer Super Trust 2021 Annual Report consists of three parts:

Part one – The Mercer Super Trust 2021 Annual Report - which contains a general update on the Mercer Super Trust and tells you about the changes that have been made to the Mercer Super Trust during the year to 30 June 2021. These changes may have an impact on your super now and in the future so it's important that you carefully read the section entitled 'Changes to the Mercer Super Trust' to see how this applies to you.

Part two – The Investment Options Details booklet - which contains information relating to the investment options available in the Corporate Superannuation Division and Allocated Pension Division. This includes investment performance, asset allocation and Indirect Cost Ratios for these investment options for the year ended 30 June 2021.

Part three – Your 2021 Supplementary Annual Report which contains additional information specific to your plan for the year ended 30 June 2021.

All parts should be read in conjunction and kept together for future reference. A reference to this Annual Report means parts one, two and three collectively unless the context requires otherwise.

ABOUT YOUR PLAN

Membership numbers	
At 30 June 2021	809
Plan assets	
As at 30 June 2021 [^]	\$495,759,890

[^] This figure is prepared on a cash basis. This means that it does not allow for any accruals such as outstanding contributions or benefits due as at 30 June 2021.

YOUR PLAN STYLE

Your plan provides members with accumulation and/or defined benefit style super.

For members with accumulation style super, your super relates to the amounts contributed by you or in respect of you and by your employer, the investment returns (which may be positive or negative) of the investment options in which your super is invested less deductions for fees, taxes and any insurance premiums.

For members with defined benefit style super, generally some or all of your super relates to salary and years of membership/service.

EMPLOYER SUPERANNUATION GUARANTEE CONTRIBUTIONS

By law, your employer is generally required to provide a minimum level of super for its employees - the Superannuation Guarantee (SG). There may be some circumstances where your employer is not required to meet the SG. The SG is the amount the employer must provide for each employee, not a minimum amount to be contributed

to each fund. Your employer may provide the SG through more than one fund. The SG rates are set out below:

Period	SG - % of Ordinary Time Earnings (OTE*)
1 July 2020 to 30 June 2021	9.50%
1 July 2021 to 30 June 2022	10.00%

* OTE is generally remuneration including your regular salary or wages, salary sacrifice superannuation contributions, any over-award payments, shift allowances, bonuses and commissions. It generally does not include overtime payments or benefits subject to fringe benefits tax.

An employer is only required to provide SG on OTE up to the maximum contribution base, which is \$57,090 per quarter for the year ending 30 June 2021 (\$58,920 per quarter for the year ending 30 June 2022) and is indexed on 1 July each year.

For members with only accumulation style super, your employer will generally be required to make super contributions at least equal to the SG amount.

For employees who are members with defined benefit style super, the benefits paid by the plan must be equal to or greater than a minimum level specified by your plan's actuary which is deemed to be equivalent to an employer contribution equal to the SG amount. Please see 'Financial position of the plan' for more information about employer contributions and the financial position of the plan generally.

YOUR PLAN'S RESERVE ACCOUNT

Your plan has a reserve account. This reserve account is maintained for the purpose of funding Death, Total and Permanent Disablement and Total but Temporary Disablement for applicable defined benefit members of the plan.

The plan's reserve account over the past three years as a percentage of net plan assets, was:

Snapshot of the values at 30 June

2021	2020	2019 [^]
0.122%	0.134%	0.137%

The reserve account is invested in the plans defined benefit option.

[^] prepared on a cash basis

FINANCIAL POSITION OF THE PLAN

For members with defined benefit style super, the amount your employer contributes varies depending on the advice of an actuary. At least every three years, the plan's actuary prepares an investigation report that states how much your employer needs to contribute so that plan assets are expected (on the actuary's assumptions) to be sufficient to meet any super payouts now and in the future. For members with only accumulation style super, your employer will generally be required to make super contributions at least equal to the SG amount.

As at 30 June 2021, the value of the plan's assets was 100% of (equal to) the sum of all members' super payouts assuming all employed members ceased employment at that date and other members were paid their Accrued Benefit amount. This means, the plan was in a satisfactory financial position at that date, as defined by superannuation legislation.

ACCRUED BENEFITS CALCULATION

As at 30 June 2021, the value of the plan's assets was 130% of (greater than) the plan's accrued benefits. As at 30 June 2021, the plan's accrued benefits amounted to \$495,759,890

The plan's accrued benefits are:

- For accumulation members, the sum of their super payout assuming they ceased employment at that date, plus
- For defined benefit members the actuarial present value at the valuation date of the amount required to meet the proportion of future benefit payments attributed to membership completed at the valuation date.
- For pensioners, the present value of their future pension payments.

The main assumptions used to determine the value of accrued benefits for defined benefit members and pensioners are shown below.

The plan's actuary considers the following movements in the assumptions used to calculate the accrued benefits are reasonably possible for the reporting period:

Assumption	Rate used at 30 June 2021	Reasonably possible change	Amount of increase in accrued benefits	Amount of decrease in accrued benefits
Discount Rate (or Investment earning rate)	6%	+0.5%		\$15,692,653
		-0.5%	\$17,150,512	
Salary adjustment rate	3.20%	+0.5%	\$2,843,497	
		-0.5%		\$2,719,448
Pension indexation rate (if applicable)	1.62%	+0.5%	\$8,463,400	
		-0.5%		\$7,947,127

POLICY COMMITTEE

Your plan has a policy committee made up of 6 member and employer representatives. This policy committee has been set up with members' interests in mind.

As at 30 June 2021 your representatives were:

Member elected	<ul style="list-style-type: none">• Robert Locke• Bruce Binnie• Dr Alice McCleary
Employer-appointed	<ul style="list-style-type: none">• Robert Elkhuisen• Michael Anderson• Rev Sharon Hollis

Appointment and removal of policy committee members

Member representatives are elected by the members. Employer representatives are appointed by your employer.

Member representatives generally serve for a term of three years. The term of office for the current member representatives expires on rotation, no set expiry date. You're entitled to see a copy of the election rules for the Mercer Super Trust. Call the Helpline on **1800 682 525** for more details.

Member representatives will cease to hold office sooner if they:

- cease to be a member of the plan;
- become ineligible under the law;
- resign as a member representative; or
- are removed by a notice in writing to the trustee signed by a majority of members.

Filling casual vacancies

If there is a casual vacancy for a member representative the remaining member representatives on the policy committee may be asked to assist the trustee in determining how the vacancy will be filled in accordance with the election rules.
