# Making a claim under your Plan

A claim for Death, TPD or TTD may be made if you die or have an injury or illness.

## How to make a claim

You or your beneficiaries must advise us as soon as reasonably possible of any claim or potential claim. We will provide you with regular updates throughout your claim and we'll support you through the claims process. If you need help at any stage, call the Helpline.

### Contact us

Use the contact details provided in the "How to Contact us" section at the front of this Booklet.

### Confirm eligibility

We will ask you to provide us with information relating to your claim.

If we assess that you're not eligible to make a claim, we'll explain this in writing and give you the opportunity to provide more information.

### Claims pack

A claims pack will be emailed or posted to you within five business days. You will need to meet the costs associated with completing the claim pack (including the completion of any forms).

### Claims assessment

You and your Medical Practitioner must provide the necessary documents and complete all application requirements to make a claim.

Once we have received all required documents and claim information, the Insurer will commence their assessment.

Where the Insurer needs further information to assess your claim, the Insurer may pay the cost to obtain this information.

Assessing a TPD claim can take around 6 to 12 months and a TTD claim can take around 3 to 6 months. However, in many circumstances assessment can be completed sooner.

The Insurer needs to assess medical and other evidence for a TPD or TTD claim. If you are overseas, you may have to return to Australia at your own expense for medical treatment or assessment, or the Insurer may require your medical treatment and assessment to be equivalent to Australian standards. If you are living or travelling overseas you will need to pay the cost of returning to Australia.

We may refund the premiums to your account:

- for the period the Insurer identifies you are not eligible to claim for any automatic cover, or
- if you make a claim that is accepted and your cover ceases under the terms of the policy on the date you became eligible to claim.

The Insurer may, subject to law, consider your claim withdrawn or refuse to pay your claim if you do not meet the Insurer's requirements.

### Trustee review

The trustee is committed to ensuring that the assessment you receive from the Insurer is fair and transparent, and that all final claim decisions are fair and reasonable.

## Paying your benefit

### Death (Terminal Illness) or TPD benefit

While a member of your Plan, you'll need to meet the Insurer's definition of Terminal Illness or TPD before being eligible for a Terminal Illness or TPD benefit payment.

The trustee must meet various legal requirements before it can pay a benefit. While we make every effort to pay benefits quickly, there may be a significant time between the date of Death or TPD and the benefit payment.

The trustee can only pay an insured benefit if:

- the Insurer has accepted the claim
- the insurance proceeds have been received from the Insurer, and
- you satisfy a relevant condition of release under superannuation law.

The trustee will not be able to pay the benefit if you do not satisfy a condition of release. Refer to the *Accessing Your Super Fact Sheet* on [mercersuper.com.au/pds](http://mercersuper.com.au/pds) for details about the conditions of release under superannuation law.

We will deduct any applicable tax from your benefit payment.

## **Income Protection benefit**

### **Applicable to Accumulation (Default) and Accumulation (Choice) members only**

You'll need to meet the Insurer's definition of Total but Temporary Disablement (TTD) before being eligible for a TTD Monthly Benefit payment.

If your claim is accepted, your TTD Monthly Benefit will be paid monthly in arrears. Payments will usually be made at the end of each month commencing from the day following the end of the Waiting Period, up to the maximum benefit period as long as you remain totally but temporarily disabled. A pro-rated Monthly Benefit payment will be made where a benefit is payable for less than a whole month.

If you are partially disabled, you will receive a portion of the Monthly Benefit that takes into account your Disability Income.

Exclusions and additional conditions to your TTD cover (including Partial Disablement) may apply. See the 'Exclusions and reductions to your cover may apply' section and the 'TTD - Additional Terms & Conditions' section later in this Booklet.

Pay As You Go (PAYG) tax will be deducted from each Monthly Benefit payment.

The cost of all your insurance cover will stop being deducted from your super account while you are receiving a TTD or Partial Disablement benefit.

The Insurer will generally review your case monthly to determine if you remain eligible for your TTD benefit. You will need to provide the Insurer with medical and other information it requires.

# Key information

**This section is a summary of the terms and conditions for the insurance cover available in your Plan.**

**Call the Helpline for more information about insurance terms and conditions.**

**See the Glossary for capitalised terms used in this Booklet.**

## **Death cover (including Terminal Illness)**

Death cover provides a lump sum benefit if you are diagnosed with a Terminal Illness or die. Refer to the *Your Plan Fees and Benefits* booklet for more information about the level of Death cover and other options in your Plan.

Your beneficiaries and/or your estate will receive your insured benefit if you die. You will receive an insured Terminal Illness benefit if you are diagnosed with a Terminal Illness and satisfy other applicable conditions including the condition of release under superannuation law.

## **Total and Permanent Disablement (TPD) cover**

TPD cover provides a lump sum payment if you become totally and permanently disabled due to an illness or injury and meet the Insurer's definition of TPD and satisfy any other conditions found throughout this Booklet. Refer to the *Your Plan Fees and Benefits* booklet for more information about the level of TPD cover and other options in your Plan.

## **Income Protection (IP) cover**

**IP cover is available to Accumulation (Default) and Accumulation (Choice) members only.**

Your Plan provides Income Protection cover in the form of Total but Temporary Disablement (TTD) cover for Accumulation (Default) and Accumulation (Choice) members only (IP is not available for Retained Benefits section members or Retained Benefits and Spouse section members). This generally pays a Monthly Benefit (percentage of regular income) if you cannot work due to injury or illness, meet the Insurer's definition of TTD and satisfy any other conditions, found throughout this Booklet and any other booklets that form part of the PDS or the *Your Plan Fees and Benefits* booklet

## **Your plan's insurer**

Your Plan's insurance is provided through a group insurance policy (known as the trustee's umbrella policy) with AIA Australia Limited (referred to as the Insurer throughout this Booklet) who has consented to being so named.

The trustee has the right to change the Insurer for your Plan.

Your privacy is important to the Insurer. By becoming a member, or otherwise interacting or continuing your relationship with the Insurer directly or via a representative or intermediary, you confirm that you agree and consent to the collection, use (including holding and storage), disclosure and handling of personal and sensitive information in the manner described in the AIA Australia Group Privacy Policy on the Insurers website (<http://www.aia.com.au/en/privacy-statement/privacy-statement>) as updated from time to time (AIA Group Privacy Policy).

# Death, TPD and TTD cover terms and conditions

See the Glossary at the end of this Booklet for clarification on capitalised terms used in this Booklet.

TTD cover is applicable to Accumulation (default) and Accumulation (choice) members only.

Refer to the *Your Plan Fees and Benefits* booklet for any different terms and conditions to those outlined in this Booklet that may apply to your Plan.

## When you join your plan

### Underwriting

Underwriting is a process where the Insurer considers your application for cover by taking into account your lifestyle, current health, salary details, past medical history and your family medical history. To start this process, you will generally be required to complete a personal statement. The Insurer may ask you for further information based on their assessment. The Insurer may accept, decline or impose special conditions (such as an exclusion, restriction or premium loading) for the amount of cover that is subject to underwriting.

You will be advised of the date your cover starts and/or if the Insurer accepts your application with underwriting terms.

### Interim accidental cover

While the Insurer is assessing your insurance application, the Insurer will, if applicable, cover you for:

- Accidental Death, and
- Accidental TPD, and
- Accidental Injury (this applies to TTD cover only)

Interim cover starts from the date you sign your insurance application. It ends on the earlier of:

- your application being accepted by the Insurer, or
- you withdrawing your application, or
- 20 business days after the Insurer notifies us that your application has been declined (we will advise you of this date after we receive the information from the Insurer), or
- 90 days past the date the interim cover started, or
- when a benefit becomes payable under these interim cover conditions.

A benefit will not be payable if during the interim cover period your Accidental Death, Accidental TPD or Accidental Injury is caused directly or indirectly by engaging in any sport or pastime for which, at the time of application the Insurer would not normally provide cover at standard rates or terms. Sport or pastime includes but is not limited to abseiling, aviation, (other than a passenger on a recognised airline), football (all codes), long-distance sailing, scuba diving, motor racing, parachuting, powerboat racing, mountaineering or martial arts. Other exclusions may also apply. See the 'Exclusions and reductions to your cover may apply' section later in this Booklet.

All other terms and conditions of the policy apply to interim cover. There are no premiums for the period of interim cover.

You will be advised of the start date for your cover and/or if the Insurer accepts or limits your cover.

You will have the same amount of interim cover as the insurance cover you applied for, subject to a maximum of:

- \$2 million for Death cover, and
- \$2 million for TPD cover, and
- \$20,000 per month for TTD cover.

### Automatic cover

**Automatic cover applies to Accumulation (default) and Accumulation (choice) members only upon joining your Employer.**

If you are provided with and do not want to have automatic cover, you need to let us know within 14 days of your insurance cover starting and any premiums you have paid for will be refunded from the cover start date.

No insurance cover will apply.

## While you are a member of your Plan

### Changing your Death or Death and TPD cover

You can generally apply to adjust or opt out of your insurance cover at any time so that your amount of cover remains right for your personal circumstances.

If you want more Death or Death and TPD cover, you can increase the amount in two ways:

- (a) Voluntary Insurance cover – underwriting required
- (b) Life Events cover – evidence of life event required.

If you increase your TPD cover, the total amount of TPD cover you hold cannot be greater than the total amount of your Death cover.

Refer to:

- the *Your Plan Fees and Benefits* booklet for the cover available to you in your Plan, including Voluntary Insurance, and
- the Life Events Cover section later in this Booklet.

### Cancelling your cover

You can cancel your cover at any time. If you do, any associated premiums will no longer be deducted from your super account. If you want to cancel your cover or need more information about the cancellation process use your personal login at [mercersuper.com.au](https://mercersuper.com.au) or call the Helpline to discuss your options.

If you choose to cancel your cover, it is important to note that you will not be able to make a claim for insurance benefits for events or conditions that arise after your cover has been cancelled. Additionally, your ability to reinstate your cover may be subject to acceptance by the Insurer and may require underwriting.

TPD cover will be cancelled if you choose to cancel or opt out of your Death cover.

Consider obtaining independent financial advice to help you make a decision appropriate to your situation.

### Account inactivity

If we have not received any contributions or rollovers into your account for a continuous period of 16 months, and you have not elected to have or keep your cover, we are required by law to cancel your cover due to inactivity. This does not apply where your Employer pays the full cost of your cover under your Plan or, you are a member of the Australian Defence Force.

### Reinstatement of cover

You may be able to reinstate cover subject to certain conditions if your cover has been cancelled due to no contributions and/or rollovers being received into your super account for a continuous period of 16 months. If we receive a written election to reinstate cover after 90-days of when cover stopped, different terms and conditions will apply to your cover.

Call the Helpline, if you want to elect to have, keep or reinstate cover, or need more information about the options available to you, any underwriting conditions or limitations that may apply.

### Cover while on leave without pay

Where your Employer approves a period of leave without pay (including parental leave) and you have agreed on a return to work date prior to commencing leave without pay, your cover will continue for up to four years as long as the Insurer is notified and premiums continue to be paid. Your account must remain active (see 'Account inactivity' section earlier in this Booklet).

### For Death (including Terminal Illness) and TPD cover:

If you die, are diagnosed with a Terminal Illness or become totally and permanently disabled during the period of leave without pay, the benefit amount will be based on your income at the date immediately prior to you starting leave without pay.

### For TTD cover:

In addition to the above, under TTD cover, your approved leave without pay must be for reasons other than injury or illness.

- If you become totally but temporarily disabled during the period of leave without pay, the Waiting Period will start from the date a Medical Practitioner issues a medical certificate stating that you are unable to work due to injury or illness.
- Your Monthly Benefit will start from the date after your specified return to work date or any later date approved by the Insurer.

For all cover, when you return to work, your sum insured will be calculated from your return to work date.

Your cover is subject to underwriting before the Insurer can provide you with insurance cover on your return, if:

- you return to work after four years, return to work after a date approved by the Insurer, or return to work after the specified return to work date (whichever is earlier), or
- you cancel your cover and wish to reinstate it.

If you don't return to work by the specified return to work date, your cover will automatically stop 30 days after the specified return to work date.

If you have a TPD or TTD claim while you are overseas, see the 'Cover while travelling overseas' section for details about returning to Australia for medical treatment or assessment.

You must advise us if you are going to be on leave without pay for longer than four years or for longer than your specified return date. The trustee will need to get the Insurer's prior written approval to continue cover.

Casual Employees with cover cannot continue insurance cover while on leave without pay.

## Cover while travelling overseas

### Working overseas

Your insurance cover may continue if you are working overseas for your Employer. Cover will continue provided the following conditions are satisfied:

- your Employer provides details of your overseas arrangements to the Insurer when requested, and
- you must remain employed by your Australian Employer, and
- premiums for your cover must continue to be paid, and

- your super account must remain active depending on the duration of your travel overseas (see the 'Account inactivity' section earlier in this Booklet).

### TPD or TTD claims while overseas

If you make a TPD or TTD claim, you may have to return to Australia at your own expense for medical treatment or assessment, or the Insurer may require your medical treatment and/or assessment to be equivalent to Australian standards. A TPD or TTD benefit may not be paid if you do not comply with these requirements.

For a TTD claim, where you are no longer:

- an Australian Resident, or
- residing permanently in Australia

and claim while overseas, your TTD Benefit Period will be limited to a maximum period of 6 months for each claim that occurs while overseas unless you return to Australia for assessment and treatment for the duration of your claim. This restriction does not apply where you are working overseas for your Employer.

### Other important details while overseas

You must advise us if you are working overseas permanently and no longer intend to work in Australia whilst being a member of your Plan.

Keep your contact details up to date by contacting the Helpline so we can provide you with more information about what will happen to your insurance arrangements and other benefits under your Plan.

You should talk to your Employer if any of these circumstances apply to you.

Your insurance cover will continue if you are travelling or holidaying outside of Australia.

Your benefits are provided based on the information we hold on file. If your personal details are not up to date this may result in your insurance cover being cancelled or you incurring premiums for cover you are ineligible to claim for.

## Exclusions and reductions to your cover may apply

### Exclusions for Death (including Terminal Illness) and TPD cover

Benefits are not payable if your Death, Terminal Illness, Accidental Death, TPD or Accidental TPD is caused wholly or partly, directly or indirectly by:

- an act of War unless otherwise agreed by the Insurer, or
- active service in the armed forces of any country or territory or foreign or international organisation\*.

\* If you are enrolled in the Australian Defence Forces Reserve, this exclusion will only apply where you are called up for active service.

### Exclusions for Voluntary Insurance cover

An application for Voluntary Insurance cover isn't payable if:

- your Death is caused by suicide or your Terminal Illness is caused by any deliberate self-inflicted act, or
- your TPD is caused by attempted suicide or by any deliberate self-inflicted act

within the first 13 months from the date:

- this cover commenced, or
- from the date your cover is increased, or
- from any other exclusion imposed by the Insurer under underwriting terms.

In addition to the above exclusions, Life Events cover has additional benefit exclusions. See the 'Conditions of Life Events cover' section later in this Booklet.

## Exclusions for TTD cover

The Insurer will not pay your TTD or Partial Disablement benefit if your disablement is caused wholly or partly, directly or indirectly:

- by any deliberate self-inflicted injury or illness (whether sane or insane), or
- by uncomplicated pregnancy or childbirth, or
- from an act of War, or
- from active service in the armed forces of any country or territory or foreign or international organisation\*, or
- from any other exclusion imposed by the Insurer for the amount of cover that is subject to underwriting.

\* If you are enrolled in the Australian Defence Forces Reserve, this exclusion will only apply where you are called up for active service.

### Reductions to all cover

Your insurance benefit may not be payable or may be reduced, subject to applicable law where, you do not notify us as soon as reasonably possible after you first became disabled, in circumstances where such a delay has prejudiced the Insurer's ability to assess and manage a claim.

### More than one benefit at a time

The Insurer will pay only one TTD or Partial Disablement benefit at a time. Therefore, if you are, totally but temporarily disabled or partially disabled because of more than one injury or illness, or both, the Insurer will only pay a benefit for either one injury or one illness; even if the injuries or illnesses are not related. You will be paid the benefit, which results in you receiving the greatest amount.

Refer to section 'What happens if you die, become disabled again or have multiple injuries or illnesses?' later in this Booklet for information on recurrent disablement benefits.

## When cover stops

Your cover stops in your Plan:

- if you cancel your cover, or
- if you leave your Plan, or
- if you die, or
- if premiums are not paid, or
- if the Insurer pays a Death (including Terminal Illness) or TPD benefit, or
- if the insurance policy terminates, or
- if your Employer stops participating in the Mercer Super Trust, or
- if you are an accumulation member and stop being employed by your Employer or the date your contract stops (as applicable) and you are not transferred to the Retained Benefits section of your Plan, or
- if you are an accumulation member and have Exercised Choice (and your Employer has notified us), and you are not transferred to the Retained Benefits section of your Plan, or
- if you no longer meet the eligibility criteria of the policy, or
- if you reach the Cover Expiry Age, or
- if you are on Employer approved leave without pay and you exceed the period (unless the Insurer grants written approval to extend cover), or
- if you do not return to work from your Employer approved leave without pay on the specified return to work date, your cover will automatically stop 30 days after the specified return to work date, or
- if you make a fraudulent claim, or
- if your account has not remained active (see 'Account inactivity' earlier in this section of the Booklet, including how you may be able to reinstate cover).

In addition to the above conditions, your TTD cover stops in your Plan if you:

- no longer meet the eligibility criteria for TTD cover, or
- change your employment status and you no longer meet the eligibility criteria for TTD cover, or
- cancel or opt out of your TTD cover.

## Multiple insurance policies

If you have insurance cover outside your Plan, you should consider the impacts of having multiple insurance policies (of the same or similar cover) because you may not be able to lodge a claim on multiple policies. If you are unsure what to do about any duplicate cover you may hold, call the Helpline.

## Cost of cover can change

The Insurer may vary the cost of your insurance cover without your prior approval by giving notice to the trustee.

Costs may change if:

- Australia is involved in War, or
- War or any act of invasion occurs (whether declared or undeclared) in which the Commonwealth of Australia's armed forces are involved in activities including combat, defence or other military and operational activities, or
- there are significant changes in the total number of insured members and/or total insurance cover and/or the information used in determining the premium rates for the Mercer Super Trust, or
- the guaranteed period of the premium rates provided by the Insurer to the trustee expires, or
- there is a change in taxes or duties or other legislative changes that increase the Insurer's costs, or
- your Employer fails to provide the trustee and the Insurer with the necessary information to operate the policy effectively.

The trustee will let you know of any change in the cost of cover. We will write to you at least 30 days beforehand if your cost of cover is increasing.

# Life Events cover

## What is Life Events cover?

When there is a change or significant event in your life, Life Events cover provides you the opportunity to increase your Death or Death and TPD cover without the need for underwriting.

You can apply for Life Events cover at any time while you are a member of your Plan, subject to certain conditions.

The types of Life Events you can apply for are described below:

- Getting married or entering a Registered Relationship
- The first anniversary of a De facto Relationship
- Divorce, revocation or termination of a Registered Relationship in accordance with the applicable state or territory law
- The first anniversary of your Separation from a marriage, a Registered Relationship or a De facto Relationship
- Birth or adoption of a child by you or your Spouse

The *Your Plan Fees and Benefits* booklet will describe how much Life Events cover you can select, if any, and the cost of cover.

---

## How and when to apply for Life Events cover

Apply to increase your cover by completing an application form and providing certified document/s of the event. Refer to the Quick Access table in "Got a Question or want to update your details?" section earlier in this Booklet on how to access this form.

To apply for Life Events cover:

- You must have existing basic Death or Death and TPD cover, and
- The life event must occur on or after the commencement date of your basic cover, and
- You must submit your application within 60 days of the life event occurring, and

- Your basic cover cannot be unit based, (refer to the Your Plan Fees and Benefits booklet), and
- You must be under aged 65 on the date of completing the Life Events application, and
- You've not made, or are not eligible to make, a claim for TPD, TTD or Terminal Illness, and
- You have not been previously declined or restricted for cover.

If you do not complete the application correctly or the evidence submitted is unsatisfactory, the Insurer may not accept your application.

### Limits apply to the number of times you can apply.

You can only be accepted for Life Events cover once in any 12-month period, or up to 3 times while you have cover through your Plan. If you exceed these limits, then in the event of a claim, the Insurer will decline to pay the amount of cover obtained through Life Events cover, in which case premiums will be refunded.

For changes to your relationship status, you are only allowed one life event per relationship.

### When does Life Events cover start?

Life Events cover will start on the date the Insurer has accepted your Life Events application. We will advise you of your cover start date after the Insurer has informed us that your application has been accepted.

### Exclusions and restrictions

Life Events cover is subject to the standard Death and TPD conditions and exclusions outlined throughout this Booklet. In addition, if you have been accepted for Life Events cover:

- You are only covered for Accidental Death and Accidental TPD for the first six months from the date your cover was increased where the life event was a new mortgage or increase to your existing mortgage for the renovation of, or an extension to, your primary residence.
- New Events cover will apply for the first 12-months of your Life Events cover if you are not At Work on the date the Insurer accepts your application. This will stop when you are At Work for 30 consecutive days following the end of the 12-month period.

# If you leave your Employer or Exercise Choice - Accumulation members

This section does not apply to Retained Benefits and Spouse section members.

If you leave your Employer or Exercise Choice, you may be eligible to continue your insurance cover.

## Transferring to the Retained Benefits section

If you leave your Employer or you Exercise Choice, your super is automatically transferred to the Retained Benefits section and your insurance cover (if any) will continue. You will not be transferred to the Retained Benefits section if you die or your super is less than \$500.

For details of the insurance cover that will continue when you are transferred to the Retained Benefits section refer to the Your Plan Fees and Benefits booklet and the Retained Benefits section of this Booklet, where you can also find the terms and conditions that will apply.

## Extended Cover

Your cover\* automatically extends for 60 days if you:

- leave your Employer and you are not transferred to the Retained Benefits section, or
- leave the Retained Benefits section, or
- Exercised Choice.

The 60 days start from when you leave your Employer or the date contributions are first remitted to your chosen fund (known as your Effective Date), provided that an insurance benefit has not been paid to you or becomes payable to you from the Mercer Super Trust.

Extended cover stops when you reach the earlier of:

- the end of the 60 day period, or
- if you are transferred to the Retained Benefits section, and you do not qualify for continuation of cover, your Cover Expiry Age.

No premiums are deducted for extended cover.

\* Extended cover for TTD is only for disabilities caused through an Accidental Injury.

---

A licensed, or appropriately authorised, financial adviser can help you decide the most appropriate way to continue your Insurance cover for your personal needs and circumstances.

---

## You may be able to continue your cover

### Death and TPD cover

When you leave your Plan, your Death or Death and TPD cover will be transferred to the Retained Benefits section on the day after the extended cover stops, as long as:

- an insurance benefit has not been paid or becomes payable to you from the cover in your Plan, and
- you stop being a member of your Plan, and
- your super payout is automatically transferred to the Retained Benefits section, and
- either
  - (i) you opted in to have or keep insurance, or
  - (ii) you have met PMIF requirements set out in the *Your Plan Fees and Benefits* booklet. These PMIF requirements will apply even if you were previously a PMIF exempt member due to your Employer paying the full cost of premiums for automatic (default) cover (in addition to its SG obligations) in your Plan.

This fixed amount of transferred cover is subject to the maximum benefit amount that applies to insurance cover in the Retained Benefits section. More information can be found in the 'Maximum benefit amount' section of the Your Plan Fees and Benefits booklet.

Any underwriting conditions that applied to your Death or Death and TPD cover will continue in the Retained Benefits section. The cost of cover in the Retained Benefits section is generally higher than your cover in your Plan. The terms and conditions applicable to your cover may also be different in the Retained Benefits section. You can obtain more information from the Your Plan Fees and Benefits booklet.

If you leave your Plan due to injury or illness, your TPD cover in the Retained Benefits section will be for New Events only. A new event is from a medical condition that is not directly or indirectly related to a condition arising from the injury or illness which has caused you to stop working with your Employer or Exercise Choice in your Plan.

You cannot continue cover under the Mercer Super Trust if you leave your Plan and we do not automatically transfer your super to the Retained Benefits section.

### TTD cover

You generally cannot continue your TTD cover under the Mercer Super Trust if you leave your Plan or Employer.

## Accumulation members transferring to the Retained Benefits section

In addition to the 'When cover stops' section earlier in this Booklet, transferring Retained Benefit members cover will stop in your Plan:

- if you leave your Plan within the first 60 days of becoming a Retained Benefits member – any Death or TPD cover that was automatically continued in the Retained Benefits section will continue for up to 60 days after:
  - you have ceased employment with your Employer, if you were an Accumulation (default) member or Accumulation (choice) member, or
- the date contributions were first remitted into your chosen fund.
- any new or increased cover will cease when you cease to be a Retained Benefits member of your Plan, or
- if you leave the Plan after 60 days of becoming a Retained Benefits member, cover ceases at the date you leave the Plan.

However you may be eligible to continue your Death cover if you take out a personal policy with the Insurer (refer next section of this Booklet).

All cover ceases on retrospective acceptance of a TPD claim that relates to your previous membership as an Accumulation (default) member or Accumulation (choice) member (as applicable) of your Plan.

# TTD – Additional terms and conditions

TTD cover is applicable to Accumulation (default) and Accumulation (choice) members only.

## Partial Disablement benefit

You may be eligible for a Partial Disablement benefit if you return to work for your Employer in a reduced capacity.

To be eligible:

- during the Waiting Period for TTD you are totally but temporarily disabled for at least 7 out of 12 consecutive days, or
- you continue to be partially disabled after the expiry of the Waiting Period for TTD, or
- after receiving a TTD benefit and where the maximum Benefit Period has not been reached, you are no longer totally but temporarily disabled for the same or related condition.

While a member of your Plan, you'll also need to meet the Insurer's definition of Partial Disablement before being eligible for a Partial Disablement benefit. The Partial Disablement benefit will be paid after the Waiting Period.

We will calculate your Partial Disablement benefit as a proportion of your Monthly Benefit. We will base your benefit on the reduction in your income due to your disability and the income you earn whilst you are partially disabled minus any benefit offsets.

You'll generally be reviewed monthly to determine if you remain eligible for your Partial Disablement benefit. You will need to give the Insurer relevant medical and other information.

## When your TTD or Partial Disablement benefit stops

Your TTD or Partial Disablement benefit stops on the earliest of the following:

- for TTD only, when you are gainfully employed with your Employer or another employer, or
- when you are no longer totally but temporarily disabled or partially disabled, or
- when you reach Cover Expiry Age, or
- you make a fraudulent claim, or
- if you reach the end of the Benefit Period. Maximum Benefit Period is described in the Your Plan Fees and Benefits booklet, or
- if you are no longer under Medical Care, or
- if you refuse to return from overseas for medical treatment or assessment, at the Insurer's request, or
- for TTD only, if you refuse to undertake reasonable treatment or rehabilitation which could, in the Insurer's opinion expect to assist with your return to work, or
- if you fail to provide the evidence required to assess your claim within 60 days of the Insurer's request, or
- if the Insurer determines you're able to return to work and do your normal duties, or
- if you die.

## Your TTD or Partial Disablement Benefit can be reduced

The TTD or Partial Disablement benefit can be reduced by any of the following amounts, regardless of how they are paid:

- (a) all benefits or other payments which are paid, or are required to be paid in relation to your injury or illness under any:
  - (i) workers' compensation scheme, motor accident compensation, or similar legislation;
  - (ii) statute or common law, whether for loss of income, loss of earning capacity or any other economic loss; or
  - (iii) disability income type insurance policy (including any benefits or payments received for work injury damages), whether paid as a lump sum or not;
- (b) any other loss of income, loss of earning capacity or any other economic loss component of a lump sum payment (other than a lump sum TPD benefit or lump sum superannuation payment);
- (c) any sick leave received by you at the same time we are paying a benefit to you; and
- (d) any other income, benefit or payment received by you from your Employer that is not as a result of your own personal exertion at the same time we are paying a benefit to you. Refer to your Plan's Salary definition in the *Your Plan Fees and Benefits* booklet.

Your benefit will not be reduced by any amount received as a lump sum TPD payment, lump sum superannuation payment or annual leave and long service leave from your Employer.

## Rehabilitation Expenses

In addition to the TTD Monthly Benefit, you may be eligible for a rehabilitation expense amount if you have occupational rehabilitation costs. You must have:

- prior written approval from the Insurer
- a written statement from your Medical Practitioner (to which the Insurer agrees) that you need to incur these expenses as part of your occupational Rehabilitation, and
- no other source of reimbursement for these expenses.

The rehabilitation expense amount could cover the cost of joining any pre-approved Rehabilitation program or purchasing goods or equipment.

The maximum amount payable will be the lesser of the total value of the expense, or six times your Monthly Benefit. This amount will be paid directly to the service provider.

The Insurer will not pay a rehabilitation expense amount if this contravenes the National Health Act 1953, Health Insurance Act 1973, Private Health Insurance Act 2007, Private Health Insurance (Prudential Supervision) Act 2015 or any similar health insurance legislation or regulation.

## What happens if you die, become disabled again or have multiple injuries or illnesses?

### Recurrent disablement benefit

You may be eligible for a recurrent disablement benefit if you become totally but temporarily disabled or partially disabled again from the same or related cause for which you were previously paid a benefit and you have returned to work. The subsequent claim will be:

- treated as a continuation of the earlier claim if your claim is made within 6 months from the last benefit payment of the earlier claim. In this instance, the Waiting Period will not apply, however the benefit period will be adjusted to take into account the prior benefit payments, or
- treated as a separate claim (the Waiting Period will apply) if your injury or illness reoccurs after you have returned to work in your pre-disability capacity for at least 6 months after all disability benefits have stopped.

If you are totally but temporarily disabled or partially disabled because you have more than one injury or illness, or both at a time, you will only receive one benefit even if the injuries or illnesses are not related.

### Death Benefit

If you die while we are paying you a benefit because you are TTD or partially disabled, we will pay you a lump sum amount equal to 3 times your Monthly Benefit as well as your Death payout from your Plan (if you have Death or Death and TPD cover).

# When you leave your plan

## **Applicable to Retained Benefits section members and Retained Benefits and Spouse section members.**

If you leave the Retained Benefits section of your Plan, your cover will stop and you may not be eligible for immediate insurance cover under your new fund until you provide satisfactory evidence of good health, financial details and other evidence. It is important you confirm what will happen to your existing cover before you leave the Retained Benefits section of your Plan.

## **Continuation Option**

You may continue your Death cover with the Insurer under a personal policy at your own expense under the continuation option, up to the same level of cover without underwriting providing:

- you make an application for a personal policy within 60 days of the date your cover stops, and
- you stop being a member of the Retained Benefits member of your Plan, and
- the amount of Death cover you require is not more than the amount of cover you had, immediately prior to stopping cover in the Retained Benefits section of your Plan.

You must complete the applicable continuation option application form and meet the following conditions if you want to apply for a personal policy with the Insurer:

- you are not receiving or are entitled or become entitled to or must not have been paid an insured benefit from the Mercer Super Trust, and
- you must not have ceased to be a Retained Benefits member of the Mercer Super Trust due to injury or illness, and
- you are under age 65, and
- you satisfactorily complete and provide an Australian citizen or residency and smoker declaration to the Insurer, and
- you satisfy the eligibility criteria and terms under the Insurer's Death only policy, and
- at the time you apply for the personal policy, you meet the minimum premium requirements for the personal insurance policy.

Any underwriting conditions that applied to your insurance cover as a Retained Benefits member of your Plan will continue to apply under the personal insurance policy and cover will be subject to the terms and conditions of that policy.

You will need to call the Helpline before the 60 days expire (or when you stop paying premiums, if earlier) to arrange a replacement policy if you decide that you'd like to continue this cover with the Insurer. The cost of continuing your cover outside the Mercer Super Trust will be based on the Insurer's prevailing personal insurance policy premium and terms and conditions.

Under the trustee's insurance policy, the terms and conditions of the continuation option above are not guaranteed and may be subject to change by the Insurer.

For more information please call the Helpline.
