

Step 5: Investment options

Initial investment selection

- If you are transferring directly from the CSD and you do not want to change how your super is invested then you do not need to complete the table below.
- If you do not complete the table below then your super will continue to be invested in the same investment options, where possible, or if not, in the investment option(s) that most directly correspond to those in which your super was invested in the CSD. See 'How to choose your investments' in the MSRI *Investments* booklet for more details.
- If you wish to invest in the **Mercer Direct** investment option this can only be selected after you have joined MSRI and once you have the required minimum amount in your account balance. You can then choose to invest part of your account balance in the **Mercer Direct** investment option (minimum amount of \$20,000) online only (using your personal log in details). The Mercer Direct investment option is not available to Transition to Retirement Allocated Pension members who are not eligible for untaxed earnings. For further details please read the *Investments* booklet and *Mercer Direct Member Guide* or call the Helpline.
- If you are not transferring directly from the CSD and you don't make a selection in the table below, you'll automatically be invested in the default investment option, which is the **Mercer SmartPath** investment option, or the **Taxed Mercer SmartPath** investment option if you are a Transition to Retirement Allocated Pension member.

You can choose one or more of the **Ready-made** or **Select-your-own** investment options or a mix of both (maximum of 10 options). Refer to the MSRI *Investments* booklet for a list of the investment options available to you, including important information about each option. The MSRI PDS provides information about the fees and costs that apply for each investment option.

Please ensure the total in the table below adds to 100% otherwise the default investment option will apply until you notify us otherwise.

Pension payment investment selection

If you have chosen more than one investment option for investing your account balance, you can choose to have your pension payments made from nominated investments or a priority election. Please choose either Option 1 or Option 2 (below), but not both.

You cannot nominate the **Mercer Direct** investment option for your pension payments.

Each time you make an investment in the **Mercer Direct** investment option, you must reconfirm (or change if applicable) your pension payment investment selection. This will be done as part of the online process for making an investment in the **Mercer Direct** investment option.

In the future, if you complete and return a new *Changing your investment options in the Mercer Super Trust – Mercer SmartRetirement Income* form and do not complete Step 3 of that form, then any selection previously made under Option 1 or Option 2 (below), will become invalid and cease to apply.

Continued over

Step 5: Investment options (continued)

If you do not complete this section of the application form, your pension payments will be made in the same proportions as your account balance is invested.

Option 1: Nominated percentage (%) payments

You can choose to have your pension payments made from one or more of the investment options you selected for account balance. You can choose the same or different proportions to your current investments. For example, if your account balance is invested in 80% **Mercer Conservative Growth** and 20% **Mercer Select Growth**, you could choose to have your payments made from **Mercer Select Growth** only. To make this choice, you would write 'Mercer Select Growth' and '100' in the percentage payment column in the table below.

Alternatively you could choose to have your payments made with 95% from **Mercer Conservative Growth** and 5% from **Mercer Select Growth**. To make this choice, you would write 'Mercer Conservative Growth' and '95' the percentage payment column on one row of the table below and then 'Mercer Select Growth' and '5' in the next row.

Once there's no longer enough money in your chosen option(s), payments will automatically be deducted from the account balance invested in your other options(s). You'll be notified at the time, and can adjust your investment choice if desired.

Option 2: Priority payments

You can choose the priority order from the investment options you selected for your account balance. Pension payments will only be made from one investment option at a time in the order you nominate. After your first nominated investment option is depleted, payments will then be made from your next nominated option until this has been depleted and will continue down your payment order. For example, if your account balance is invested in 50% **Mercer Conservative Growth**, and 50% **Mercer Select Growth**, you could choose to have your pension payments made in the order of 1. **Mercer Conservative Growth**, and 2. **Mercer Select Growth**. To make this choice, you would write 'Mercer Conservative Growth' and '1' in the priority payment order column of the table below and then 'Mercer Select Growth' and '2' in the next row.

Step 6: Decide on your pension amount

I wish to receive an annual pension* as follows (select one option only):

- minimum amount permitted^
- maximum amount permitted (Transition to Retirement Allocated Pension only)^
- nominated amount of \$ *# p.a. (gross of tax)

Please note: If you have not ticked a box above, payments will initially be made at the minimum amount permitted^. Any amounts selected that are, or become, outside the minimum or maximum income levels will be adjusted each year to remain within these limits.

^ For further details of what pension amount you will receive in future years see the 'Payment Options' section of the PDS.

* For Transition to Retirement Allocated Pensions, this amount must be between the minimum and maximum permitted. For Allocated Pensions, this amount must be at least the minimum permitted. See the 'Payment Options' section of the PDS for details of the minimum (and where applicable maximum) annual pension amounts.

If you commence your pension part way through the financial year your payments for the rest of the financial year will be the pro-rata amount of the annual pension. This does not apply if you have chosen a Transition to Retirement Allocated Pension and you have nominated the maximum amount permitted.

Step 7: Select your method of payment

I want my pension to be paid as follows (tick one box):

- monthly quarterly annually

Date of first pension payment*: / /

* This date must be on or before 30 June in the current financial year, unless you joined the MSRI on or after 31 May in the financial year, in which case the date can be on or before 30 June in the next financial year. Your pension payments will commence on this date subject to you providing all of the necessary information at least 7 days before this date, otherwise your pension will commence on the 15th of the following month.

Please pay my pension to my nominated account (as shown below)*

My bank account details are as follows:

Name of institution

Account name

Branch BSB number - Account Number

* If you do not provide at least your nominated account details, we will be unable to commence your pension payments until you do.

Step 8: Reversionary Beneficiary Nomination - for continuing pension payments

On joining Mercer SmartRetirement Income and before your pension commences, you can make a reversionary beneficiary nomination. This nomination is **irrevocable** and can only be made to your dependant – see the 'Beneficiaries' section of the *Other Things You Should Know* booklet for more information. If you want to make this election, please provide your dependant's details in the space provided below. **Making a reversionary beneficiary nomination is not compulsory.** Alternatively, you can make a binding death benefit nomination (see below for details).

Name

Date of birth / /

Relationship to you

Proportion of payout

%

If you don't want to make a reversionary beneficiary nomination, you can make a binding death nomination for the payment of your death payout to one or more of your dependants or your legal personal representative (your estate) – see the 'Beneficiaries' section of the *Other Things You Should Know* booklet for more information. You can do this by completing and returning a *Making a binding death benefit nomination - Mercer SmartRetirement Income of the Mercer Super Trust* form. You can get a copy of this form by calling the Helpline or from the website www.mercersuper.com.au/nominating-your-superannuation-beneficiary.

If you have not made a reversionary beneficiary nomination on joining Mercer SmartRetirement Income (described above) or you do not have a valid binding death benefit nomination in effect at the time of your death, then the trustee will pay a pension (or a lump sum if a pension is not permitted) to your spouse. In the event that you do not have a spouse at the time of your death, the trustee will pay a lump sum equal to your account balance to your legal personal representative.

Step 9: Confirm if splitting contributions - complete only if transferring from an account in the Mercer Super Trust

If you are transferring from an accumulation account in the Mercer Super Trust and you wish to split your super contributions with your spouse for the current or previous financial years, you will also need to complete and return a *Splitting super contributions in the Mercer Super Trust* form. Note that contribution splits cannot be processed after your benefit payment has been made so it is important that any split request is lodged along with (or prior to) these payment instructions.

A copy of the *Splitting super contributions in the Mercer Super Trust* form, as well as a fact sheet providing additional information on contributions splitting, can be obtained from the website mercersuper.com.au/pds or by calling the Helpline.

Tick here if you intend to lodge a split request either prior to or with this form.
